

HUNTINGDON COUNTY MAPPING DEPARTMENT

233 Penn Street

Huntingdon, PA 16652

Phone: (814) 643-2570

Fax: (814) 643-1790

The Huntingdon County Street Naming and Addressing Ordinance requires naming all streets that are used to access two or more dwellings or business related buildings. This procedure is required in order for emergency services (police, firefighters, EMT, and the ambulance service) to find your residence as soon as possible after receiving your call for assistance. All existing dwellings or businesses using the street will need to be readdressed to the new street.

This form gives you and your neighbors the opportunity to provide a name for your private road. Please discuss the matter with your neighbors and provide three (3) choices for the name of your private road, listing them in order of preference. We must have three choices since it is the County who is responsible for the name database and checking duplication of names to avoid conflicts. If your selection is in conflict with another road name, the County will select your second choice and so forth.

Please print clearly and limit the name to 15 characters or less.

First Choice: _____

Second Choice: _____

Third Choice: _____

All residents using the street please print your name clearly, sign, and date below. By signing below, you agree that you participated in choosing street names.

Please complete this form **(only one per private road is required)** and send it to:

HUNTINGDON COUNTY MAPPING DEPARTMENT

233 Penn Street
Huntingdon, PA 16652

Upon receipt of the form, we will evaluate the street names and submit them to the township or borough for approval. Once we get approval from them, we will issue the new addresses.
