Once the projects have been scored and ranked, they will be submitted to the Huntingdon County Planning Commission for recommendation, then to the County Commissioners for final selection and grant award.

Point System

County Act 13 projects are rated by Planning and Development Department staff on a 100-point scale based on the following criteria. The maximum number of points to be assigned for each category listed below along with a description of the manner in which the number of points are awarded include:

15 Attendance at one of the two virtual scheduled workshops

15 Appropriateness of Solution

Points are assigned to rate how effectively the proposed project addresses the stated problem. Applicants should explain whether the problem would be completely or partially solved by the proposal.

30 Proven Need for the Project

The seriousness of the project is rated in comparison to other proposed projects considering concerns such as safety, loss of economic and natural resources, number of people impacted, etc.

15 Level of Activity Planning

The amount of preparation made for the project is rated in comparison to other proposed activities. Planning efforts include having detailed cost estimates and/or specifications prepared by a contractor or other knowledgeable professional, letters of support, previous applications for same project, evidence of discussions regarding project. This factor also addresses the readiness of the project to proceed once funding is received.

Points for activity planning will be assigned as follows:

- 15 detailed drawings and specifications
- 10 feasibility study completed
- 5 activity is recommended by other planning documents
- 5 contractor quote
- 0 no planning activities

10 County Comprehensive Plans Implementation

10 Previous Grant

Projects which have received County Act 13 funds in the previous 3 years receive 0 points. Those which have not received County Act 13 funds in the previous 3 years receive 5 points.

5 Leverage

Projects with a portion of total project costs coming from another funding source will receive 5 points.

Application Form

Applications must be made on forms provided by the County. The form must be completed and submitted by the application deadline for the project to be ranked by the Huntingdon County Planning and Development Department and for a recommendation from the Planning Commission to be forwarded to the Huntingdon County County Commissioners for consideration.

Grant Award

A total of \$30,000 will be made available for this funding cycle. A maximum award of \$10,000 will be provided to those applicants that rank the highest. Partial awards may be made depending on the number and type of applications received. A six percent (6%) administration fee will be deducted from the total grant award of each awardee while the balance must be used for project costs.

Awarded Project Requirements

Once a municipality has been awarded funds, the municipality will be responsible for submitting detailed invoicing or a detailed expense report upon the completion of the project detailing how the expended funds comply with Act 13 (as listed in this fact sheet) for project close-out. Any misused funds or unused funds will be required to be re-paid to the County by the municipality and deposited back into the Legacy Fund.
